ABOUT NUHS FUND

NUHS Fund is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

The charity was set up to promote medical research and development as well as provide health related services for the benefit of the Singapore Community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

ABOUT THE HEART FUND

The NUHCS Heart Fund, a sub-fund of NUHS Fund, was established to assist financially disadvantaged patients in their journey towards better heart health, as well as supporting continuous medical research and education programmes in the field of cardiovascular diseases.

- Medical Procedures
- Long-term medical treatment & consumables

PATIENTCARE, MEDICAL EDUCATION & MEDICAL RESEARCH

7%

- Research to combat heart diseases
- Skills upgrade for Heart healthcare professionals
- Heart disease awareness initiatives

Your Gift Matters!

In 2023, Alvin suddenly collapsed at work and was admitted to NUH due to heart failure. This incident greatly shocked the 44-year-old, who is married with four young children, as he has always been actively exercising and undergoing regular medical check-ups.

Alvin's family is now grappling with his unexpected medical condition and financial strain. Their grapples with depleting due to medical expenses in addition to their regular family expenditures. Furthermore, Alvin's condition has affected his lungs and kidneys, hence requiring long-term care.

Financial assistance from the NUHS Fund towards Alvin's inpatient bills has been a tremendous relief, easing the family's financial burden and allowing Alvin to concentrate on his recovery.

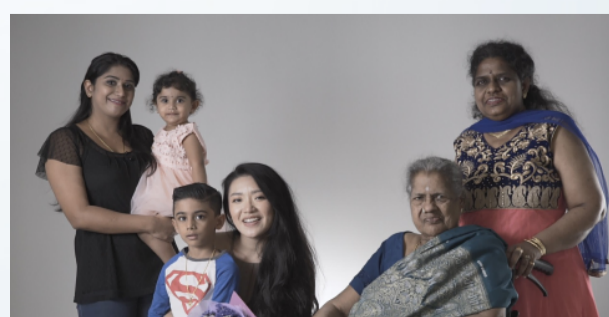

"I am thankful to NUHS Fund for providing assistance to me and my family, so that we can look forward to an even better future ahead." - Alvin
